

In April of 2026, American Industrial Transport unveiled this specially wrapped covered hopper car in honor of America's 250th birthday during the 'Project 250' ceremony in Brookhaven, Mississippi. The 'America 250' prototype car is a three-pocket 5800cf grain service covered hopper, which we have chosen to represent with an ACF 3-Bay Covered Hopper from AccuRail. Additional features of our release:

- Fully Assembled, Ready to Run.
- RP25 Contour Metal Wheels
- Metal Knuckle Couplers
- Represented on an AccuRail 3-Bay ACF Covered Hopper
- "Companion Cars" Available
